

Student Teacher Feedback

Name – Shereece Andrews-Ward Course – Primary initial teacher education 7-11 years Placement - 1

Please describe your expectations at the start of the placement.

At the beginning of this placement, I was hoping for a school in which I would be able to complete all of my expectations and be given areas that I am doing well in as well as areas in which I needed to improve. I was also hoping for supportive staff members and being given the opportunity to teach, observe and help out in a range of lessons and other activities.

To what extent did St. Egwin's Middle School meet your expectations?

St Egwin's have supported me thoroughly throughout this placement and have consistently given me feedback on ways to improve. You have also allowed me to help out with a range of things and allowed me to complete all of my expectations for this placement unless this is impossible e.g. the phonics task.

Please give ratings for your experience (0 = not at all, 10 = very much so) and provide any comments you may have.

The placement increased my confidence as a teacher.

What do you feel are St Egwin's strengths as a placement school?

St Egwin's are a very supportive and welcoming school and ensure that you are having a good experience. If this is not the case, they try their hardest to find a way to make this a better experience for you. They ensure you have the chance to observe lessons as well as teaching a variety. They provide very good feedback and support you in working towards your targets each week.

How could we provide a better experience for student teachers?
