

ST EGWIN'S C.E.  
MIDDLE SCHOOL

Morning update Wednesday 3<sup>rd</sup> June 2020

The second day of the Group A rotation is well underway. A bit drizzly first thing but I think 27 degrees was too hot for some yesterday.

We had prepared so forensically for the re-opening of school, with detailed systems and protocols, that the actual return was pretty relaxed and, dare I say, easy.

The school has more life back in it today. I can feel sparkier atmosphere around the school. Mr. Taylor's cheeky bunch made me laugh. They served as my inspiration for this morning's video/streamed assembly. If children come home and tell you I ate the head of a chocolate bear on video, I know you won't believe such nonsense.

As I type, I'm waiting for the fire bell to be set off and our practice with the new SD (Social Distancing) dots on the yard surface. Another of those strange changes we have to make.

Behaviour has been perfect and SD conduct brilliant, too. It's amazing how disciplined pupils are in school. I wish people in the supermarkets were as good.

Thanks for your cooperation with the banning of dropping off in the bus bay. It worked really well today.

I look forward to greeting the second half of the year 6s tomorrow.
